Dear Sarah Bingham

Please find attached your assessment report for any questions and suggestions. It appears to want a greater separation from food than the old condition. The invoice and web listing will follow.

Talon WB

- Product description: pesticide rodenticide
- Product use: non-operating food areas or outside
- Status: passed renewed assessment, factory, cost \$300+ GST for 2 hours - on 29/08/2017

"Passed AsureQuality assessment for food/beverage/ dairy factory non-contact, outside exposed food areas while operating" H2676 with conditions. This assessment was prepared by Global Proficiency Ltd using HACCP principles to determine equivalence with food standards listed below. See <http://assessedproducts.asurequality.com/>. This supports food Risk Management Programmes & other endorsements that may apply to this product include MPI regulated farm dairy approval, MPI dairy factory endorsement, MPI regulated non-dairy animal product approvals, EPA HSNO-OSH-environment approval (& previously AQIS).

Conditions:

- Used according to instructions, legislation and GMP for no possible food contact
- Only with an appropriate bait station.
- This rodenticide may only be used in premises according to the requirements of a vermin control programme which has been documented to relevant MPI legislation.
- It may be used in food areas provided there is no exposed food product or food ingredient present in the room.
- It must be removed from edible areas before processing operations commence.
- The assessment is subject to notification of change and expires on 29/08/2022).
- The full report is attached for supplier review and verification. The assessment is activated by countersigning.
