## **Personal Protective Equipment**

---

- When mixing and applying wear full protective clothing such as impervious gloves, eye protection, respirator, waterproof hat, coat and trousers (worn outside rubber boots).

## **Tank mixing**

Use clean water only (dirty water will interfere with the action of the chemical). Partly fill spray tank with water, add the REGLONE and add a non-ionic wetting agent (where recommended), mix, then top up with water to required volume.

## **Water volume**

Apply in sufficient water to ensure thorough and uniform coverage.

## **Rainfastness**

30 minutes
